Please include the date of the workshop and the number attending.

## Develop skills & expertise to transform your community

**Water Harvesting Certification: September 15-21, Albuquerque, NM**

The most comprehensive course in *passive and active water harvesting design and implementation*. Watershed Management Group's course combines hands-on and classroom instruction to provide participants with a thorough understanding of concepts.

Find certification course enrollment information and fees at: [www.watershedmg.org](http://www.watershedmg.org)  
email [tech-trainings@watershedmg.org](mailto:tech-trainings@watershedmg.org)  
or call 520-396-3266x1

Certification course taught by respected instructors with field experience  
Brad Lancaster, author & water harvesting expert  
Catlow Shipek, WMG co-founder & natural resource manager  
Jeff Adams, ecological design and education firm founder

**Everyone, Every Drop!**

A partnership of the NM Watershed Resources Network and Watershed Management Group
