

SOUTHERN SANDOVAL COUNTY ARROYO FLOOD CONTROL AUTHORITY

RFP# 2021-02

Engineering Design and Construction Phase Services for Riparia Pond

ADDENDUM #1

September 2, 2021

This Addendum consists of one (1) page and three (3) digital attachments (to be posted on the RFP website under "Reference Information"). The information contained in this addendum shall be incorporated into the Request for Proposals document the same as if originally contained therein.

ADDITIONAL REFERENCE INFORMATION

SSCAFCA has posted two (2) .zip files containing LiDAR geotiff elevation files and one (1) pdf LiDAR Project Report for the project area. This information is made available to all offerors and its use shall be limited to the response to this RFP.

The LiDAR data was collected in 2018 by the Mid-Region Council of Governments. The "bare-earth" elevation data is provided in geotiff format. More detailed information and associated specifications relating to the LiDAR data is provided in the Project Report pdf.
