SOUTHERN SANDOVAL COUNTY ARROYO FLOOD CONTROL AUTHORITY

IFB # 2026-04 Lisbon Channel Improvements Phase 3

(Sugar Channel – Arkansas Channel)

ADDENDUM #3

November 2, 2026

This Addendum consists of three (3) pages. The information contained in this addendum shall be incorporated into the Bid and Contract Documents as though originally contained therein.

Bidders shall acknowledge receipt of this addendum on the Bid Proposal form in the space provided. Failure to acknowledge this addendum by any prospective bidder will render the bid non-responsive.

1. QUESTIONS RECEIVED FROM PROSPECTIVE BIDDERS

Q1: Is Buy America compliance for steel required for this project?

A1: No. Buy America provisions do not apply to this project.

Q2: Is colored concrete required for the concrete work shown on Sheet C-104, and under what pay item is it paid?

A2: No, colored concrete is not required. However, the Contractor shall match the existing concrete paving stamp pattern. Payment for this work is included under Bid Item #21 of the Unit Price Bid Proposal. Please refer to the revised Unit Price Bid Proposal issued with Addendum #1.

Q3: The Unit Price Bid Proposal appears to be missing testing and utility allowances. Will SSCAFCA provide these allowance amounts?

A3: The revised Unit Price Bid Proposal included in Addendum #1 incorporates the allowance amounts for both materials testing and utility coordination.

Q4: Is the Bidder required to match the color of the existing angular aggregate used on the previous project phases, or may any color be utilized provided it meets the specification?

A4: The color of the angular aggregate is not required to match previous phases. Any color is acceptable, provided that material fully complies with all project specifications.

Q5: Under which bid item, is the replacement of the concrete drive pad paid?

A5: Bid Item #21 of the Unit Price Bid Proposal was updated with Addendum #1 to include replacement of the concrete drive pad.

Q6: Can you add a wattles Bid Item?

A6: Any Best Management Practices (BMPs) specified in the approved Stormwater Pollution Prevention Plan (SWPPP) will be paid under Bid Item #3 of the Unit Price Bid Proposal.

Q7: Can cast-in-place concrete be utilized for the channel lining in lieu of shotcrete?

A7: No, cast-in-place concrete is not acceptable. Shotcrete is required for the channel lining as specified.

Q8: What are the designated allowance amounts for the utility relocation and the materials testing?

A8: The revised Unit Price Bid Proposal included in Addendum #1 incorporates the allowance amounts for both materials testing and utility coordination.

Q9: Is a geotechnical report available for this project? If so, can it be provided to prospective bidders?

A9: Yes, a geotechnical report is available for this project. Please refer to the attachment included with this Addendum.

Q10: Is there a wage rate decision number available for this project?

A10: The applicable wage rate decision number and associated documentation have been provided with Addendum #2.

All other provisions of the Bid and Contract Documents shall remain unchanged. This Addendum is hereby made a part of the Bid and Contract Documents to the same extent as those provisions contained in the originals.

Junko Nishida
Staff Engineer
